

### MAKE-UP FOR PERFORMANCE -

**Eyeliner:** **Black** (or brown for very fair skin/hair). Thin line at the edge of eyelashes on top lid, with a slight "wing" up at the end.

**Eye Shadow:** **Cream** color on brow bone (just under eyebrow), and **Brown\*** color on lids (\*darker skin tones may accent the skin tone with plum—not purple- or greenish gold).

**Mascara:** on eyelashes - use **Black** (or brown for very fair skin/hair).

**Blush:** on cheekbones – find a color that works with your skin tone (not bright red nor bright pink/purple).

**Lipstick:** on lips - a dark raspberry is best (not bright red nor bright pink/purple).

Hair **MUST** be up in the correct style as indicated by your instructor. You must use bobby pins +/- hair pins, hair elastics and hair nets that **MATCH** the color of your hair. Use lots of hairspray and/or gel and **NO bangs** on stage – pin them back and hairspray them.
